

A fax bulletin from Molina Healthcare of Florida • May 2020

### **\*\*\*Reminder – Nebulizers via Coastal Care\*\*\***

#### **In-Network Referrals:**

Providers should refer services to in network providers. Our provider network for nebulizers works through Coastal Care Services. Coastal works with a variety of suppliers. For a list of participating Coastal Care Providers, please visit: <http://www.ccsi.care/> or contact **855-481-0505**.

#### **In-Office Nebulizer Inventory**

If you have a “nebulizer supply closet” in your office, Coastal Care can assist with arranging for replenishment and managing inventory.

#### **Emergency Services through a Non-Par Provider**

In cases where the medical situation is urgent or emergent, and where no supplies are available through/from an in-network provider, then please ensure this is clearly documented in the EMR/Chart (*that situation is urgent/emergent and no in-network supplies are available*) to reduce payment issues.

If you have questions, please contact Molina Healthcare at: 855-322-4076

Thank you for your continued care to our members!
