

Provider Memorandum

Molina Increasing ACT Reimbursement by 7%

Molina Healthcare of Illinois (Molina) recognizes the need for additional provider support for Assertive Community Treatment (ACT) services. As we continue to build BH capacity within the provider network, we are increasing ACT reimbursement for the fourth quarter of this year.

Molina has increased rates for code H0039 (Assertive Community Treatment, both Individual and Group) by 7% for dates of service **October 1, 2021 through December 31, 2021**. We recommend that providers bill usual and customary rates on all claims to eliminate the need for corrected claims when rate increases occur.

For claims already submitted with dates of service beginning October 1, 2021, providers should submit a corrected claim within the standard timely filing period to account for this rate increase if usual and customary was not billed. **Note:** Molina will **not** reimburse claims exceeding the billed charge amount or those submitted outside the timely filing window.

Molina will revisit rates in 2022 to see if further adjustment is needed.

Questions?

We're here to help. Contact your Provider Network Manager or email the Provider Network Management team at MHILProviderNetworkManagement@MolinaHealthcare.com. For help identifying your Provider Network Manager, visit [Molina's Service Area](#) page at MolinaHealthcare.com.

Availity Provider Portal

We continue our transition to the Molina Availity Provider Portal, a tool that streamlines your claims management, authorizations, and eligibility/benefit verification. Are you registered yet? [Click here](#) to get started.
