New Quality Program for the Remainder of 2021

Molina Healthcare of Illinois (Molina) is committed to delivering high-quality care and services to our members, and we are pleased to introduce a Quality Incentive Program supporting the care of new mothers.

Postpartum Care Facility Incentive Program

The delivering hospital should encourage the member to schedule a postpartum visit with her OB-GYN practitioner or PCP between seven and 84 days after delivery. To qualify for the \$400 bonus, the practitioner **must** submit medical record documentation that includes the date the postpartum visit occurred, along with specific care provided.

Reference this [2021 PPC Quality Program flier](#) for complete details. It is **critical** for the OB-GYN or PCP to use the correct procedural and diagnosis codes when filing the claim in order for your hospital/facility to receive the incentives.

Refer to Molina's full postpartum care measure and coding guidance located in the [Molina Provider Portal](#). Log in, select **Forms** from the menu, and scroll down to the **PPC Follow-Up link**. The PDF will open in your browser.

The [2021 Postpartum Care Facility Incentive Program](#) is for deliveries that occur between August 1, 2021, and December 31, 2021. Payments are **in addition to other Molina Incentive Programs**. Molina reserves the right to modify this program.

Questions?

Providers who have questions regarding behavioral health measures or the incentives can email us at Quality-HealthCampaigns@MolinaHealthcare.com.
