Important Updates and Correction to Molina’s Prior Authorization (PA) Requirements

The codes listed in the table below will **require** Prior Authorization. This change will be reflected on the Molina Healthcare of Illinois (Molina) Prior Authorization Codification List found on the [Molina website for providers](#) on the [Frequently Used Forms](#) page, under Authorization Requests. The downloadable document lists the Current Procedural Terminology (CPT) and Healthcare Common Procedural Coding System (HCPCS) codes that require a PA.

Providers are **strongly** encouraged to review all updates regularly.

Important Note: For any PA changes due to regulatory guidance related to COVID-19, please see provider notifications and the most current information on the Molina Provider Portal.

New Updates to the PA Codes

Convenient Tool for PA Codes

As introduced in [this October 2020 provider memorandum](#), Molina has launched a [PA LookUp Tool](#) to help you find the correct codes. It is intended for **searches only** and should **not** be used to make determinations about coverage.

The PA Tool is for outpatient services **only**. All elective inpatient admissions to acute hospitals, Skilled Nursing Facilities (SNF), rehabilitation facilities, or long-term acute care hospitals require Prior Authorization.
