

MHIL Network Strategy Team

MHIL Provider Network Management, Network Strategy & Value-Based Contracting Teams:
Ancillary | Hospital | FQHC | NS&VBC

Meet the Team!

Whether you've been working with them for months or years, we would like to introduce you to your Network Strategy & Value-Based Contracting team!

Natalie Kasper
Director, Provider Contracts & Network Strategy

NETWORK STRATEGY & VALUE-BASED CONTRACTING TEAM

Natalie Kasper – Director, Provider Contracts & Network Strategy

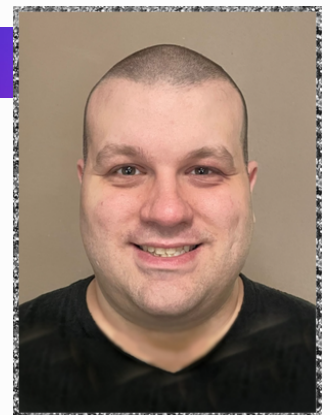

With Molina Since 2015

Get to know me: Proud mama bear of three amazing boys, 28, 22, and 17! I'm also a fitness fanatic who loves to help others set and meet their fitness goals. In my limited downtime, I like to crochet, create diamond art, and spend time with friends and family. I'm also a total animal lover! We have four dogs, two sugar gliders, and one cat.

Benjamin Evans – Manager, Network Strategy

With Molina Since March 2016

Get to know me: I greatly enjoy cooking, grilling, and playing video games. Those hobbies got me through the pandemic and continue to be a blast to invest time into. When I'm not doing those, I enjoy cheering on my Ohio State Buckeyes and Columbus Blue Jackets. My wife and I have three cats—Thor, Loki, and Valkyrie—who fill our home with lots of zoomies and love.

Michael Manade – Provider Contracts Manager

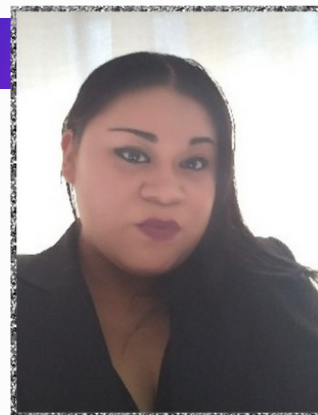

With Molina Since January 2016

Get to know me: Every day I feel privileged to be able to partner with our provider community in contracting or VBC initiatives. When not supporting our groups, I enjoy digging into home remodeling projects, searching for my golf ball in the rough, and looking for wins in the stock market.

Daisy Roman – Sr. Specialist, Delegation Oversight

With Molina Since November 2018

Get to know me: I have two wonderful daughters, ages 8 and 15, who keep me on my toes. My oldest loves academics and reading, so there are a lot of runs to the bookstore and library. My youngest loves sports and has inherited my love for playing volleyball. We also have two very hyper dogs that keep us all busy, but we enjoy taking walks around the neighborhood. Adult time is also important. Their father, my very special partner of 18 years, enjoys going to car shows and even participating in a few of them when we're not hanging out with friends. (Love the grandparents for watching the kids!)
