What do I do in an Emergency?

Call 911 or go to the nearest hospital/emergency facility if you think you need emergency care and help getting to the emergency room. If you get emergency care, call your doctor to schedule a follow up visit. Call Molina at (866) 449-6849 and let us know of the emergency care you received.

What if I need hospital care?

Sometimes you need hospital care. Sometimes hospital care is not an emergency. If this happens, call your doctor. Your doctor will need to arrange for hospital care that is not an emergency. Molina may need to approve this. Emergency care does not need approval from Molina. Emergency care does not need to be approved by your doctor.

NOTE: If you have Medicare and Medicaid, Medicare pays your doctor. You don't need to pick a Molina doctor or primary care provider. You can keep going to your Medicare doctor.

How do I get medical services?

You should get all health care from Molina providers. Your Provider Directory lists all the providers that participate in the organization, which includes a list of contracted provider's names, specialties, addresses, telephone numbers, and professional qualifications such as medical school, residency and board certification status. The provider directory can be found on our website or if you would like a copy, you may call Member Services at (866) 449-6849. Your PCP can help you with the following:

When will my primary care provider change become effective?

Your primary care provider change will be effective on the first day of the month following the month you made the request.

Are there reasons why my request to change a primary care provider may be denied?

Yes, your request to change a doctor may be denied if:

- The primary care provider you want is not taking new patients.
- The primary care provider you want is no longer with Molina.

Can a primary care provider ask to move me to another primary care provider for non-compliance?

Yes, your primary care provider may request a change if:

- You often miss visits and don't call your primary care provider to say you will not be there.
- You do not follow your primary care provider's advice.
- You and the primary care provider do not get along.

What if I choose to go to another doctor who is not my primary care provider?

You may go to any doctor who is not your primary care provider if you need:

- 24-hour emergency care from an emergency room
- Behavioral Health Care
- OB/GYN Care
- Texas Health Step Services

You should go to your primary care provider for most other services. If your primary care provider does not give a service, you will be referred to one who does.

How do I get medical care after my Primary Care Provider's office is closed?

Your primary care provider will have someone help you after their office is closed. Only call after hours if you have an urgent care need. If it is an emergency, go to the nearest emergency room or call 911.

Your primary care provider's phone number is on the front of your Molina ID card. You can also call our 24-hour Nurse Advice Line. When you call them, tell them what your medical problem is. They will help you decide the best way to get your medical needs taken care of.

NOTE: If you are also covered by Medicare, you will not be assigned a doctor and their phone number will not be on your ID card.

What is the Medicaid Lock-in Program?

You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different MCO will not change the Lock-In status.

To avoid being put in the Medicaid Lock-in Program:

- Pick one drug store at one location to use all the time.
- Be sure your main doctor, main dentist, or the specialists they refer you to are the only doctors that give you prescriptions.
- Do not get the same type of medicine from different doctors.

To learn more call Molina Member Services toll free at (866) 449-6849.

Physician Incentive Plans

Molina cannot make payments under a physician incentive plan if the payments are designed to induce providers to reduce or limit Medically Necessary Covered Services to Members. You have the right to know if your primary care provider (main doctor) is part of this physician incentive plan. You also have a right to know how the plan works. You can call (866) 449-6849 to learn more about this.

Changing Health Plans

What if I want to change health plans? When will my health plan change become effective?

You can change your health plan by calling the Texas STAR, STAR Kids or STAR+PLUS Program Helpline at 1-800-964-2777. You can change health plans as often as you want.

If you call to change your health plan on or before the 15th of the month, the change will take place on the first day of the next month. If you call after the 15th of the month, the change will take place the first day of the second month after that. For example:

- If you call after April 15, your change will take place on June 1.

Who do I call?

Call the Texas STAR+PLUS Program Helpline at 1-800-964-2777.

How many times can I change health plans?

You can change plans as many times as you want, but not more than once a month.

Can Molina request that I be dropped from their plan (for non-compliance, etc.)?

Yes, Molina can ask that you be disenrolled from the health plan if:

- You let someone else use your Molina Healthcare of Texas ID card
- You let someone else use your Texas Benefits Medicaid Card or
- You make it difficult for your doctor to help you

The Texas Health and Human Services Commission will make the final decision on all disenrollment requests. If there is a change in your health plan, you will be sent a letter.

What do I have to do if I need help with completing my renewal application?

How to Renew

Families must renew Medicaid coverage every year. In the months before a child's coverage is due to end, HHSC will send the family a renewal packet in the mail. The renewal packet contains an application. It also includes a letter asking for an update on the family's income and cost deductions. The family needs to:

- Look over the information on the renewal application.
- Fix any information that is not correct.
- Sign and date the application.
- Look at the health plan options, if Medicaid health plans are available.
- Return the renewal application and documents of proof by the due date.

Once HHSC receives the renewal application and documents of proof, the staff will check to see if the children in the family still qualify for their current program or if they qualify for a different program. If a child is referred to another program (Medicaid or CHIP), HHSC will send the family a letter telling them about the referral, and then look to see if the child can get benefits in the other program. If the child qualifies, the coverage in the new program (Medicaid or CHIP) will begin the month following the last month of the other program's coverage.

During renewal, the family can pick new medical and dental plans by calling the CHIP/Children's Medicaid call center at (800) 964-2777.

What happens if I lose my Medicaid coverage?

If you lose Medicaid coverage but get it back again within six (6) months you will get your Medicaid services from the same health plan you had before losing your Medicaid coverage. You will also have the same Primary Care Provider you had before.

What if I get a bill from my doctor? Who do I call? What information will they need?

The STAR+PLUS Program does not have copays. Your doctor should not bill you for a covered service. If you do get a bill from a doctor, call the doctor's office and make sure they have your Medicaid information and any other insurance policy information available. All of the information your doctor needs to bill Molina for the service is on your ID card.

You can also get help by calling Molina's Member Services. A team member will help you with your doctor bill. To help you, they will need:

- The name of the patient
- The patient's Medicaid ID number
- The date of service
- The name of the doctor sending you the bill
- The amount you are being billed for

Can my Medicare provider bill me for services or supplies if I am in both Medicare and Medicaid?

You cannot be billed for Medicare "cost-sharing," which includes deductibles, coinsurance, and co-payments that are covered by Medicaid.

What do I have to do if I move?

As soon as you have your new address, give it to the local HHSC benefits office and Molina Member Services Department at (866) 449-6849. Before you get Medicaid services in your new area, you must call Molina, unless you need emergency services. You will continue to get care through Molina until HHSC changes your address.

What if I have other health insurance in addition to Medicaid?

Medicaid and Private Insurance

You are required to tell Medicaid staff about any private health insurance you have. You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled.
- You get new insurance coverage.
- You have general questions about third party insurance.
- You can call the hotline toll-free at 1-800-846-7307.

If you have other insurance you may still qualify for Medicaid. When you tell Medicaid staff about your other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

IMPORTANT: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.
